

# Xiangchuang Dental Electric Oil-free Air Compressor

Is LFX a good air compressor for dental practices?

The LFX compact air compressor for dental practices is perfect for small dental clinics. Delivered in one piece this truly is a plug-and-play. Plug it in and you have 100% oil-free compressed air for your dental clinic. The LFX is the quiet and reliable air solution for the solo professional and small dental practices.

Are dental air compressors oil-free?

All our oil-free compressors are tested and certified ISO 8573-1 Class 0. If an air compressor for a dental practice is not certified Class 0, the air is not certified pure, so insist on a certified oil-free air for dental clinic. Don't take the risk, ensure your air is as pure as it can be. Want to know more about dental air compressors?
