

Yg80 rock drill

Metis® is a large range supplier of Construction, Rock Drilling, Ground Engaging Tools& Aggregates & more.Metis® provides Top Quality Rock Drilling Products for you.

Description YG-80 construction drilling rig is a full hydraulic operated top drive power head drilling machine. It is used to drill heavy duty pretension anchor ...

Find various shapes and models of wholesale power drills suitable for working in tight and difficult places. Shop ergonomic and practical drill yg at discount prices.

The DTH drilling rig (down-the-hole drilling machine) is a kind of drilling machine, which is mainly used for drilling in rock formations. The down-the-hole drilling ...

The DTH drilling rig (down-the-hole drilling machine) is a kind of drilling machine, which is mainly used for drilling in rock formations. The down-the-hole drilling rig uses the impactor and the ...

YG Integrated Rock Drilling & Splitter Machine is not your typical rock-breaking tool. It's a next-generation, all-in-one solution that drills deep holes and splits massive rocks ...

Henan YG Machinery is a professional machinery manufacturer, specializing in environmental protection, prestressed, cutting and rebar processing equipment.

The typeYGZ90guide rail independent rotary rock drill can be used with rock drilling rigs or rock drilling benches. It can be used to drill medium-hard or ...

YG-80 construction drilling rig is a full hydraulic operated top drive power head drilling machine. It is used to drill heavy duty pretension anchor holes at side ...

It is mainly used for underground mining and roadway excavation to drill fan-shaped medium and deep rock holes. It has a two-way rotation mechanism and connects and unloads the drill rod ...

The YG-80 rotary drilling rig features a hydraulic crawler chassis, a self-lifting foldable drilling mast, telescopic drill pipes, and other advanced technical applications. It is a construction ...

JINFAN is China anchor drill rig manufacturer. YG-80 anchor drill rig is manufactured with a fully hydraulic operated top drive power head. It is used ...

The drilling rig is a fully hydraulic drive power head type drill. It is suitable for the construction of large

Yg80 rock drill

tonnage anchorage hole and drainage hole, and the prevention of landslide and rock ...

The Integrated Rock Drill and Splitter Machine is a modern rock-breaking tool that merges two essential functions--drilling and splitting--into a single hydraulic system. It is designed for ...

The rock drill splitter machine is a machine that integrates drilling and splitting operations. It is particularly suitable for earthwork projects that cannot be blasted, urban foundation pits, ...

This article is detailed compared with tianshui guide rail rock drill yg80 and yg40, which are analyzed from many aspects such as brand, model, performance, function, and use ...

Product Description Brand Name: LIAOYUAN Type: DRIFTER ROCK DRILL Machine Type: Drilling Tool Certification: DIN Material: special steel Processing Type: Forging Use: Coal ...

Product Profile The drilling rig is a fully hydraulic drive power head type drill. It is suitable for the construction of large tonnage anchorage hole and drainage hole, and the prevention of ...

The type YGZ90 guide rail independent rotary rock drill can be used with rock drilling rigs or rock drilling benches. It can be used to drill medium-hard or hard rock ($f = 8\sim 18$) and $\varnothing 50\sim \varnothing 80$ mm ...

Air-leg rock drill Features 1. Air-leg rock drill is suitable for operation on medium-hard and hard rock. 2. In for wet drilling or dry drilling are both OK. 3. Widely used in tunnel heading ...

Discover the Tianshui Pneumatic Guide Rock Drill YG80 Type, offering a 30-meter drilling depth and 0.5MPa pressure. Ideal for mining, construction, and tunneling, it ensures high ...

High-strength lock designed for securing gates, roll-up doors, shipping containers, and other large doors or entryways. Offers the ability to integrate into an access control system. Fully ...

YG80 Drifters drill is designed for rock drilling in mining & quarrying and other stonework blastholes from multiple positions in medium-hard and hard ...

feature: YG80 guide rail rock drill is matched with fjy25c disc drill frame. It is mainly used for underground mining and roadway excavation to drill fan-shaped medium and deep rock holes. ...

High Quality Yg80 Drifter Rock Drill in China, Find Details and Price about Super Rock Drill Drifters from High Quality Yg80 Drifter Rock Drill in China - Xi'an Long Teng Mining Equipment ...

Model YG80 - Electronic Door Lock, Weatherized Bolt Lock, Low Power Consumption Specifications Door Gap: 15mm Maximum Static Strength: 11,240 lbs. Dynamic Strength: 148 ...
