

## Yichun 70 down-the-hole drill rig

Designed for versatility and high efficiency, the SKD70 drilling rig is lightweight and highly maneuverable--ideal for narrow construction sites and rugged hillside projects. It is widely ...

Epiroc offers the most comprehensive line of rotary blast hole drilling rigs in the industry. With a multitude of configurations to choose from you can find the perfect solution for your needs.

Down the hole drill rig, also known as DTH drilling machine, is applied in mining, engineering, quarrying, geotechnical investigations, etc.

DOWN THE HOLE DRILLSC615 DDTH Drilling Series  
Diameter : 3.5" (89mm) to 6" (152.4mm)  
Single pass depth : 13.12 ft (4m)  
Multi pass depth : 52.5 ft (16m)  
Application :Mining, ...

YQ70 -the DHT drilling rig is widely used in small and medium sized mining and national defense, water conservancy, road construction, stonework project blasting hole drilling operations.

Product description Drilling method: Separated Down-the-hole Hole diameter: 90-178mm DTH-hammer: 3.5, 4 and 5 inches Engine brand: YuChai SWDQ Series Crawler Hydraulic Surface ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of ...

JC710 hydraulic down-the-hole drilling rig is designed to meet the demanding requirements of open-pit mining and quarry drilling.

Down-the-hole drill DTH drill tool operated with drilling mud (Drillstar MUDHammer) A down-the-hole drill, usually called DTH by most professionals, is basically a jackhammer screwed on the ...

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the ...

The rig can be directly connected with the hydraulic station, the structure is simple; the hydraulic station frame is equipped with a roller, which is easy to move and relocate.

Different Models of Down the Hole Drilling Rigs: YGD-70/100 DTH Drilling Rig YGD70/100 DTH drilling rig is a kind of compound power model, powered by a ...

JC710 supports drilling depths up to 30 m with a hole diameter range of 90-152 mm, ideal for shallow

## Yichun 70 down-the-hole drill rig

hard-rock penetration. The system employs a 764 mm &#215; 3000 mm drill rod and ...

Down the hole drilling rig is to make the impactor dive into the hole in the process of rock drilling to reduce the energy loss caused by the transmission of the ...

Having a knowledgeable and available world-class partner on site or online, makes the difference between doing it alone and tapping the experience and ...

1.Product Description XDH-110/XDD-110 hydraulic DTH drilling rig is widely applied to road, national defence, water conservancy, open-pit mine small blast-hole...

The DCRL130, from Furukawa FRD, is an environmentally friendly & compliant rock drill that is proven, reliable & high-performing while conforming to market ...

The down-the-hole drill rig is indeed an impact rotary drill rig that operates differently from a conventional rock drill. Its internal structure features an independent gas distribution and ...

Down-the-hole drilling (DTH) essentially involves a drilling hammer at the bottom of a drill string. It relies on three elements for drilling holes: bit loading ...

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

When choosing a down-the-hole (DTH) drilling rig, you need to consider various factors. This article will guide you on how to choose the right down-the-hole ...

DTH drilling rig, short for Down-The-Hole drilling rig, is a cornerstone of modern drilling technology. Renowned for its efficiency, precision, and versatility, this equipment has ...

The rig is mounted on a crawler platform, ensuring stability and allowing it to operate in diverse and challenging working conditions. Its adaptability to ...

Discover how the right down-the-hole (DTH) drill rig can boost your mining and construction efficiency. Learn about rig types, key features, and ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of compressed air and driven into the ...

Discover the power of down the hole drilling technology featuring superior performance in hard rock, enhanced accuracy, and advanced automation capabilities for efficient and precise ...

## Yichun 70 down-the-hole drill rig

Yugong down-the-hole drilling rig uses hydraulic drive and high-pressure impactors to achieve rapid drilling. It is widely used in drilling operations under various rock hardness conditions, ...

Our Machine Programme All our drilling rigs are available with a wide variety of methods including for geothermal energy, water well, down-the-hole surface ...

When choosing a down-the-hole (DTH) drilling rig, you need to consider various factors. This article will guide you on how to choose the right down-the-hole (DTH) drill from three important ...

Multifunctional Drilling Rig is a high-performance, multi-purpose machine designed to meet demanding drilling needs across various terrains and applications. Capable of operating with ...
