

Yt28 rock drill gas leg pipe

YT28 is a heavy-duty pusher leg Rock Drill featuring high efficiency and low air consumption is primarily designed for drilling in mines, hydro-power stations, and road construction projects is ...

YT28 Pneumatic leg rock drill Air leg rock drill is an efficient rock drilling machine. It is widely used in rock excavation and various rock drilling operations to drill and blast holes, and is an ...

Product Description YT29A air-legged rock drills are heavy-duty push-leg (air-legged) rock drills with low energy consumption, which are more suitable for drilling horizontal or inclined holes in ...

Product application scenarios YT type air leg rock drill YT28 has a wide range of applications and can be used in heavy construction, mining, oil and gas, quarry and water well ...

Troubleshooting air-leg rock drills(2) Elimination measures: First, adjust the pipeline to eliminate air leakage, increase the diameter of the air supply pipe, and reduce the gas consumption ...

Description Yt28 air leg rock drill Model: YT28 Working Pressure: 0.4-0.63 MPa Impact Frequency: ≥ 37 Hz Air Pipe Inner Diameter: 25 mm Air Consumption: ≤ 81 L/s Piston Stroke: ...

Product Description The YT28 air leg rock drill is the most modern rock drill product & period; It adopts the design technology of modern rock drills & period; Compared with similar ...

Jack Hammer Y series of pneumatic rock drillers are mainly used in mine, railway, water irrigation works and quarrying works to drill holes. Rock Drill Jack ...

It has superior performance and is the most reliable to use. The most efficient rock drill. It is most suitable for rock drilling operations in large mines, medium-sized mines, and tunnels. The ...

The YT28 rock drill is a highly versatile air leg rock drill, primarily used for rock drilling in tunnel projects and mine tunnel excavation. It is compatible with the FY200C oiler and the FT160BC ...

View and Download Atlas Copco Secoroc YT Series operator instructions manual online. Pusher Leg Rock DRILL. Secoroc YT Series drill pdf manual ...

YT29A air-legged rock drills are heavy-duty push-leg (air-legged) rock drills with low energy consumption, which are more suitable for drilling horizontal or inclined holes in medium-hard ...

The Rukton Minerals YT28 Air Leg Rock Drill is the most modern drilling machine which uses a modern

Yt28 rock drill gas leg pipe

design techniques, compared with the same type of product, with high efficiency, low ...

Find verified Factory Price Yt28 Pneumatic Air Leg Rock Drill suppliers and manufacturers offering competitive wholesale prices. Browse detailed specs, bulk order options, and OEM/ODM ...

Scope of application YT28 is a heavy-duty pusher leg Rock Drill featuring high efficiency and low air consumption is primarily designed for drilling in mines, hydro-power stations, and road ...

Our pusher legs and stoper rock drills cover all construction, tunnelling and mining applications in different rock formations. They are robust designed, with high impact energy ...

The rock drill is a kind of high efficiency air leg rock drill machine. Jack hammer used for blasting holes and other drilling works in a quarries, railway ...

It has the characteristics of light weight, fast speed and low energy consumption in the same class of air-leg rock drill. It is an ideal replacement of drilling ...

The YT28 rock drill is suitable for rock drilling on medium hard or hard rock and is highly adaptable to working conditions. The product is energy-saving and efficient, and the ...

Rock drilling tools manufacturer ProDrill: Model No. YT27 Pusher Leg Rock Drills applied for underground mining, drifting. It's one of the major quarry rock drills. YT23, YT24, YT27, YT28, ...

All of the rock drills have water flushing, rifle bar rotation and the pusher leg control is placed at the back head of the rock drill. An in-line lubricator is included in the delivery of each rock drill. ...

The YT28 air leg rock drill adopts mechanisms such as gas-water linkage, rapid retraction of the air leg, and air pressure adjustment. The control handle is centralized on the handle body, with ...

The air-leg rock drill is installed on the air leg for operation, and the air leg can play the role of support and propulsion, which reduces the labor intensity of ...

YT28 Air-leg Rock Drill most fit for drilling horizontal and inclined blast holes in medium-hard and hard rock with a hardness of $f=8\sim 18$. It may also be used with for making roof-bolting holes. ...

Other attributes place of origin Shandong, China brand name Qiyun model number YT28 Product name Pneumat rock drill jack hammer y24/handhold jack hammer with air leg Weight (kg) ...

YT28 air leg rock drill is mainly used for blasting holes and other drilling works in a quarries, railway construction, water conservancy construction and defence project facility.
