

Yunfu 90 down-the-hole drilling rig

The integrated open-pit down-the-hole drilling vehicle is an advanced drilling equipment that integrates the down-the-hole drilling system and the screw air ...

The XD-420T series crawler open-pit down-the-hole drill rig is a new type of down-the-hole drill developed to meet market demand. This product has excellent performance, ...

Surface DTH Drilling Rig is a compact design, easy to operate and excellent performance product. Folding track frame and engineering four ...

Our down-the-hole drilling rig features high drilling accuracy and efficient performance, while the service life is also guaranteed.

Discover how the right down-the-hole (DTH) drill rig can boost your mining and construction efficiency. Learn about rig types, key features, and ...

DOWN THE HOLE DRILLSC615 DDTH Drilling Series Diameter : 3.5" (89mm) to 6" (152.4mm) Single pass depth : 13.12 ft (4m) Multi pass depth : 52.5 ft (16m) Application : Mining, ...

Surface drill rigs are used for blast hole drilling in construction, quarrying, and open-pit mining, covering a hole range between 27-229 mm. We offer the ...

An integrated down the hole drilling machine, also known as a one-piece drill rig, or crawler DTH drilling rig is a powerful and versatile machine used in the ...

ABSTRACT Since their first production application in Sweden in 1995, water-powered, down-the-hole hammers (WDTH) have been used throughout the world in many different drilling ...

In down-the-hole drilling a drill rod is fitted with a hammer at its lower end. The hammer, which is mounted on the drill bit, is activated through the addition of compressed air and driven into the ...

DTH rig machine, down-the-hole drilling rig, is a powerhouse drilling tool designed for deep, accurate, and efficient boring in demanding environments. Ideal for mining exploration, quarry ...

KQTG-150 Down-The-Hole drilling drig offers excellent fuel efficiency, improved safety and higher productivity in challenging rock conditions, which is used for ...

Down-the-hole D460A drill rig: handles 115-152mm holes up to 35m deep, with a Cummins engine,

Yunfu 90 down-the-hole drilling rig

heavy-duty boom, and hydraulic feed. Includes a 2000 ...

The down-the-hole drilling rig uses the impactor and the DTH drill bits submerged into the bottom of the hole to impact and crush the rock. Therefore, it is called ...

Down-the-hole (DTH) drilling rigs are extensively used in metallurgy, mining, railway, hydropower engineering, national defense construction, dredging, earth and stone works and other ...

+ A rig you can rely on - shift after shift SmartROC rigs from Epiroc work consistently and effectively even in the most demanding conditions. Air capacity is the most important factor ...

HF90Y down hole rig with simple structure and lighter weight lower air pressure, could work easily at limited sites. Equipped hydraulic power will provide stronger power and less noise.

The KG726III/KG726HIII down the hole drill rig for open use is an improved device in compliance with national regulations on environmental protection. Equipped with the Yuchai engine, the ...

Having a knowledgeable and available world-class partner on site or online, makes the difference between doing it alone and tapping the experience and ...

Our factory mainly produces water well drilling rigs, core drilling rigs, down-the-hole drilling rigs, pile drivers, etc. The products have been exported to hundreds of countries around the world ...

Having a knowledgeable and available world-class partner on site or online, makes the difference between doing it alone and tapping the experience and know-how. The customer can count on ...

The DTH drilling rig (down-the-hole) is a highly efficient rock drilling equipment used in open-pit mines, stonework projects, road construction, and other scenarios. It is also called a shallow ...

Rock Drilling There are three methods of rock drilling for production holes: Rotary high rotational speed, low torque and thrust low ...

Yugong down-the-hole drilling rig uses hydraulic drive and high-pressure impactors to achieve rapid drilling. It is widely used in drilling operations under various rock hardness conditions, ...

Leading Manufacturer of Down-the-Hole (DTH) Drilling Equipment for Mining, Construction & Water Wells. Premium products at fair prices. Get a Quote Today!

Designed for DTH blasthole drilling in mining, quarry and construction industries, it comes with an operator's cabin, fixed boom, dry dust collector and drill pipe ...
