

Zj30 drilling rig specifications

ZJ30/1700CZ Truck-mounted drilling rig max drilling depth 3000 meter with API standard Truck Mounted Drilling Rig Adopting double engine compound power ...

There are five models of truck-mounted drilling rigs/ Workover rigs at your option: Model ZJ10/1125CZ / XJ450, drawworks power 450HP Model ZJ15/1350CZ / XJ550, drawworks ...

RG ZJ30/1800Z Truck-mounted drilling rig max drilling depth 3000 meter with API standard Product Introduction 1. The Truck-mounted drilling rig is driven by ...

This document provides the technical specifications for a 750hp drilling rig package. It includes details on the main technical requirements and standards that must be met. The overall ...

Specifications Drilling Depth: The depth that the rig can drill varies depending on geological factors and design features. Drilling Diameter: The diameter also varies according to the ...

ZJ30 truck-mounted drilling rig is a light duty self-propelled truck-mounted drilling equipment with 9,840" (3000m) drilling depth. Several patent technologies and new technologies are used in ...

The trailer-mounted drilling rig is divided into mechanical drive, electrical drive and trailer-mounted drilling rig without ground anchor, of which the main ...

Model NO.: ZJ30/40/7500HP/1000HP Type: Petroleum Drilling Machine Usage: Well Drilling Machinery Trademark: OilRiver Specification: API Standard Origin: China

Driller's duty focus on acquisition of data and optimize drilling parameter in response to well condition and engineering instruction to realize safe, efficient and cost-effective drilling ...

Features Conform to API Q1, 4F, 7K and 8C Specification and API monogrammed. The technical parameters and overall design conform to GB/T 23505 Petroleum Drilling and Workover Rigs. ...

We supply a complete series of land drilling rigs (ZJ Series) for oil and gas exploration, including ZJ20, ZJ30, ZJ40, ZJ50, and ZJ70 models. These rigs ...

The most of the drilling rig without ground anchor is front-open, triple-section and front-inclination type with a height of 154ft, and it can perform triple-setback (columns) round-trip operations.

ZZT-180 Rig Floor Height from Ground Level. 6 m (19.7 ft) Clear height, rotary beam to ground. . . .

Zj30 drilling rig specifications

... 4.9 m (14.76 ft) Working Area of Upper Platform. 7.2 x 6 m (23.7 x ...

HENGLI ZJ30 skid-mounted drilling rig is suitable for drilling wells in depth lower than 3000m. It can work in shallow sea areas, beaches, desert and cold areas.

ZJ30Truck-mounted Drilling Rig The ZJ30/XJ1800 is a self-developed 3000-meter truck-mounted rig featuring a dual-engine gear power system for flexible switching between travel and drilling ...

It is suitable for side drilling well, directional well and vertical well drilling operation within 3000m. Drawworks and rotary table adopt independent driving mode. Drawworks is driven by one ...

Workover Rig Zj30/Zj40 Skid-Mounted Well Oil Drilling Equipment, Find Details and Price about Oil Drilling Equipment Drilling Equipment from Workover Rig ...

In petroleum drilling engineering, the configuration of drilling rig solid control system equipment is typically determined by the drilling depth and the specifications of the drilling rig. Common ...

It supports workover operations up to 8000 meters (2-7/8" tubing) and nominal workover to 6500 meters (3-1/2" pipe), with drilling depth up to 3000 meters using 4-1/2" drill pipe.

Jereh truck mounted drilling rig is mechanically and hydraulically driven, featuring high operation load, reliable performance, excellent off-road performance, ...

Driller's duty focus on acquisition of data and optimize drilling parameter in response to well condition and engineering instruction to realize safe, efficient and cost-effective drilling operation.

The ZJ30T is a 750HP trailer-mounted drilling rig and work-over rig designed for drilling depths of 1600 to 3000 meters (5249 to 9843 feet). Featuring ...

Rig Specifications This document provides specifications for a 1000HP drilling rig, including details about its various components. Some key details include: - The rig has a 118ft clear height mast ...

Location: Midland, TX RG Petro Drilling Rig ZJ30 1800Z Details The RG Petro Drilling Rig ZJ30/1700CZ is a versatile and robust rig designed for light-duty drilling operations. Here are ...

Substructure Model. ZZT-180 Rig Floor Height from Ground Level. 6 m (19.7 ft) Clear height, rotary beam ...

RG ZJ30/1800Z Truck-mounted drilling rig max drilling depth 3000 meter with API standard Product Introduction 1. The Truck-mounted drilling rig is driven by diesel engine with ...

Zj30 drilling rig specifications

The drill floor has a two-section telescopic structure or parallelogram structure for easy transportation and lifting. The mast of the drilling rig without ground anchor is front-open, triple ...

The ZJ30J is a 750HP skid-mounted land rig designed for efficient and reliable drilling operations in various onshore environments. Featuring a diesel engine ...
